Subject: Questions on ND's UIC program-- general setup

Hi Craig,

I had asked Cadmus to crosswalk ND's 1422 program so that we are prepared if we get questions on ND's Class VI primacy. I realize that you are out of the office on furlough for today and tomorrow, but wanted to discuss some confusion Cadmus had with the Class III program, which is run by ND geologic survey (part of NDIC).

I know you are swamped with other things, this is just a side issue so that in case we get comments from the public on ND's UIC program we can answer them.

Thanks,

Lisa
